Fellow Members of the Kent Community,

    The May 4th Task Force is currently planning a memorial program for May 4, 1978 to commemorate the four students killed here on May 4, 1970. As in the past the Task Force is seeking input from all segments of the Kent Community. We urgently need your help in order that our program reflects the ideas and concerns of the entire community.

    We welcome and encourage the K.S.U. faculty to open up their classrooms for discussions of May 4, 1970 and related events. Any faculty member wishing to have a speaker on this subject may contact the May 4th Task Force for further details in room 248 Student Center or call 672-3207.

    We also encourage student groups and community organizations to submit ideas for, or sponsor a workshop on May 4, 1978. Suggestions concerning programming are welcome from any organization as well as from individuals. Suggestions concerning workshops or programming may be submitted to the May 4th Task Force in room 248 Student Center or call 672-3207.

    Finally, the Cultural Committee of the May 4th Task Force is in need of essays, poems, photographs, paintings, sculptures and other works of art for use in our 1978 memorial programming. Submissions must be concerned with May 4, 1970 and related events and may be submitted in room 248 Student Center or call 672-3207.

    The May 4th Task Force feels that this work is especially important considering the fact that the victims of the May 4th shootings will go to trial with their Civil Damages lawsuit in Federal court sometime this summer. We welcome support from all concerned individuals and organizations in Kent who seek justice for the victims of the May 1970 shootings.
