Last night, May 3rd, 1998, immediately following the Kaddish and the Lord’s Prayer, a delegation of May 4th Task Force members approached KSU President Carol Cartwright with four letters signed by the parents of Jeff Miller, Allison Krause, Sandy Scheuer, and Bill Schroeder. The letters gave support for the permanent closure of the four parking spaces in the Prentice Hall parking lot where their children were killed 28 years ago today. President Cartwright refused to speak with the Task Force, she instead turned her back on them and on the families whose children were murdered, while standing up in opposition to violence and war. Historically, very little has been done on the part of the university to commemorate the four students’ lives or to preserve the sites where their lives were stolen. Carol Cartwright’s position as president of the university allows her the opportunity to act on behalf of the families to help close the four parking places in permanent memorial of Jeff Miller, Allison Krause, Sandy Scheuer, and Bill Schroeder. To support the families of the four students, call Carol Cartwright at 330.672.2210 and urge her to help memorialize the parking places. For more info, call the Task Force @ 672.3096
