"Those people (the other injured students) have picked up their lives since 1970 and return to campus occasionally. I don't know why Alan has remained here so long. I haven't the foggiest what his personal purpose is."

The KSU administration, in an ongoing court action, is attempting to seal off important files relating to May 4, 1970. These files include extensive investigative research done by the FBI, the Ohio Bureau of Criminal Investigation and the Ohio Highway Patrol. It is the university's argument that these files will benefit no one and open up old wounds. The American Civil Liberties Union is acting on behalf of the parents of the four slain and the nine wounded to ensure that these files are kept in the public domain.

THE MAY 4 TASK FORCE WILL BE SPONSORING A FALL PROGRAM DEALING WITH THIS VITAL ISSUE ON TUESDAY, NOVEMBER 3, AT 7:30 IN THE KIVA.

"THE DOCUMENTS SHOULD BE OPEN. IT IS IMPORTANT THAT THE DOCUMENTS BE AVAILABLE. I DON’T SEE ANY REASON WHY THEY SHOULDN'T BE. WE DON'T HAVE ANYTHING TO HIDE."
